criteria

These credentials have been granted to HP. Print shops/print service providers must seek certifications and eco-labels directly with certifying bodies. HP does not imply or grant certification or eco-labels to print shops/PSPs nor does it support individual customer processing of such certifications. For more information on each credential, see the [Overview of environmental certifications and eco-labels for HP Latex Printing Technologies](#). For the most current information on credentials for this printer, see the [HP Latex 360 Printer data sheet](#).

Guidelines for use

The Certificate of Environmental Credentials is available to PSPs as a means to demonstrate the environmental credentials of the HP Latex printing assets you have purchased from HP. Note that this certificate of ownership can only be used by your business in the context of “the HP Latex printing assets you have purchased from HP.”

- You may provide this HP document, publication number 4AA5-5331EEW, to your customers and prospects (for example, a link to this document on a web page).
- This HP document must be distributed as a file with direct hyperlinks to the “Overview of environmental certifications and eco-labels for HP Latex Printing Technologies” and the HP product data sheet.
- The entire HP document must be referenced (excerpts into PSP documentation not permitted).
