**Please note:** This product must be tested by end user for absolute suitability with the substrates and environments upon which it is intended to be used.

**Please note:** All values and information seen here are approximate and should only be used as a guideline.

For some helpful application tips, please call one of the team or visit our website.

## BETTER RESULTS - EVERY TIME!

- ✓ Self-adhesive white PVC faced print media.
- ✓ High- grab, excellent residue free removability.
- ✓ Can be adhered to textured surfaces such as carpet.
- ✓ High-quality textured 150mic with a 140gsm moisture tolerant coated silicon.
- ✓ Coated with a high-tack clear adhesive.
- ✓ Predominately suitable for use as a digitally printable floor and wallcovering.

**Before use:** Care must be taken to ensure the receiving surface is clean, dry and free from defects which could be detrimental to the performance of the laminate.

**How to store:** To prolong product's usable life, avoid excessive exposure to UV radiation, store in an environment which will have reasonable temperature (temp.23° +/-2° C, R.H <55%) and moisture control.

**Shelf Life:** 2 years (in advised storage conditions).

**Minimum expected "in use" Life:** Applicant dependent, but >3 years indoors for walls when above storage conditions are maintained. Flooring dependent upon traffic and volume.
